ABSTRACT

For 27 nakshatra doshas, there are many Siva temples located in various places. Likewise, for the four nakshatra padas of these 27 stars, i.e., total 108 padas there, are many Vishnu temples in many locations in Tamil Nadu as well as other places. To facilitate those who may find it difficult to go to other states, Vishnu temples within Tamil Nadu are mentioned in detail herein. Those who are born in any four of the 27 nakshatra padas, may face benefic as well as malefic effects, because of the transit effect of 9 planets. The planets during their transit may reach the houses of their friend's rasi, enemy rasi, equal's rasi, or may pass through the rasis of their own house, house of exalt, debilitation, or state of retrograde, sun-set, planet-wars etc. And this may influence each person either favorably or sometimes unfavorably by way of set-back in education, marriage delay, childlessness, separation etc. Hence the unfavorably affected natives may visit these temples and do parihara (remedies) and get relief from their troubles and problems. This research paper is dedicated to those natives who are tired of facing set-backs.
